**TO: Playground Vendors**  
**FROM: Roy G. Crawford, Superintendent of Schools**  
**RE: RFP Addendum #1:**

**October 11, 2017**

1. This not intended to be a competitive bidding process. In hindsight, we should not have used the word "bid" in this document. We are seeking creative proposals for equipment and surfaces within the parameters set in the RFP.

2. Main Play Area: Page 8, #1.

There are nine possible configurations for proposals. Each possible surfacing material could alter the amount of the \$200,000 available for playground equipment, which could then alter your equipment proposal. You have the option to:

- A. Providing nine different proposals that meet the \$200,000 maximum.
- B. Provide a proposal specifically as listed in the RFP:
  - Base bid
  - Alternate 1
  - Alternate 2
  - Cost of engineered wood Fiber
  - Cost of Poured Rubber
  - Cost of rubber mulch
